CALL FOR EXPRESSIONS OF INTEREST

The Sustainable Energy Capacity Building Initiative (SECBI) under the auspices of the Energy and Climate Partnership of the Americas (ECPA) announces this "Call for Expressions of Interest". Countries wishing to receive funding under this initiative are invited to submit applications.

SECBI addresses critical commercialization challenges related to expanding the development and use of sustainable energy alternatives as a means of injecting more affordable and less environmentally-harmful energy technologies into the energy matrices of Caribbean countries.

The main categories may target the following:

- (a) **Tendering:** Support could include training for preparation of bidding documents, due diligence on bidders, securing and evaluating technical proposals, identification of commercial and bankable energy saving opportunities.
- (b) **Project finance assistance:** Support could include training for identifying project financing, and facilitating public-private partnerships for sustainable energy projects.
- (c) **Contract negotiation:** Support could include training for drafting energy laws and regulations, conducting legal reviews, and negotiating power purchase agreements and contracts.

Deadline to submit applications:

December 1st, 2014
